THE LEADER IN ONLINE EDUCATION

DOCTOR OF NURSING PRACTICE

(DNP)

#### WHY OUR PROGRAM?

As a graduate of the Doctor of Nursing Practice (DNP) program, you will have the skills and knowledge necessary to move to director and executive level positions in an organization — helping to advance and transform healthcare. Depending on what works best for you, you have two options to complete the DNP program. To receive your degree in 18 months, you will enroll in two 3-credit courses each term for six consecutive terms. If you prefer to complete your program over 36 months, you will enroll in one 3-credit course each term.

### DEGREE/PROGRAM ACCREDITATIONS:

The baccalaureate degree program in nursing, master's degree program in nursing, and doctor of nursing practice program at Thomas Edison State University are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

## HELP ADVANCE AND TRANSFORM HEALTHCARE

Nursing is a dynamic profession that plays a vital role in improving the health and well-being of the community. The Doctor of Nursing Practice (DNP) is an online doctoral degree program with a specialty area in Systems-Level Leadership that prepares nurse leaders to function at the highest level in healthcare organizations. Through mentored practice, the DNP program will enhance your skills in organizational leadership, economics and finance, healthcare policy, population-focused care and technology.

#### PROGRAM ADVANTAGES

- ▶ 100 percent of DNP mentors are doctorally prepared and leaders in education and/or nurse executive leadership
- Curriculum is based on the American Association of Colleges of Nursing (AACN) Essentials of Doctoral Education for Advanced Nursing Practice and the American Organization for Nursing Leadership (AONL) competencies

"I am currently in a senior director-level nursing leadership position and have chief nursing officer experience. TESU's program connected well to my work experience, correlated to the current demands of a nurse executive and aligned with the American Organization for Nursing Leadership (AONL) Nurse Executive Competencies."

Celeste Bethon, DNP '18
