DEGREE/PROGRAM ACCREDITATIONS

Specialized accreditation through the Council for the Accreditation of Educator Preparation (CAEP).

"I found the curriculum meaningful and applicable to what I am currently doing in my job, and it has prepared me very well for additional responsibilities as a school administrator. While the online learning environment is different from the traditional classroom, the continued communication with peers through the discussion boards and class lounge created the connections I was looking for. We share thoughts and ideas and, in turn, challenged each other to be better educators and potential school leaders."
